

"Since You Left"

It's been so long since I've seen you
(Uh, ah, uh)
Since I've got you on my mind
Tell me what you have been through
(Uh, ah, uh)
What you've been doing all this time

Since you left (since you left) since you left home (since you left home)
I have been (I have been) all alone (all alone)
Since you ran (since you ran) since you ran away (ran away)
Tell me why you didn't stay

I was waiting for this day
(Uh, ah, uh)
I was waiting for this day to come
Soon I forgot you ran away
(Uh, ah, uh)
Now you got nowhere else to run

Since you left (since you left) since you left home (since you left home)
I have been (I have been) all alone (all alone)
Since you ran (since you ran) since you ran away (ran away)
Tell me why you didn't stay

You're asking me to forgive
(Uh, ah, uh)
You're asking me to understand
You had another life to live
(Uh, ah, uh)
But now you want me back again

Since you left (since you left) since you left home (since you left home)
I have been (I have been) oh so alone (all alone)
Since you ran (since you ran) since you ran away (ran away)
Tell me why you didn't stay
